---

You will learn to write. We will give you every opportunity to polish your writing skills in all sorts of creative ways. You will also discover what kinds of written work you can expect at college. You will learn a wide range of vocabulary, the building blocks of your future success. Do you love movies, pop music, etc.? Using our state-of-the-art SMART classrooms, you will be exposed to film, music and cultural outings, all the better to provide you with a rich storehouse of words.

Even learning grammar will be fun! Our highly skilled faculty draw on the latest research to develop grammar exercises based on the common errors you yourself make, and design competitions and activities to make learning the mechanics more pleasant than ever before. Every text you read and every exercise you complete has been chosen with you in mind.

The summer course will also provide an introduction to our school. You will meet key members of our administration, teaching personnel and professional staff. You will also learn about all the free language services that St. Lawrence has to offer: Writing Workshop, non-credit grammar classes, and the Peer Tutor Program.

Once you have completed your summer course, you will be ready for the many cultural and social activities at the college.

Last, but not least, you will make many friends. During our four-week intensive course, you will get to know new people who will study with you at St. Lawrence. When you come to college in the fall, you will already feel at home. Feeling secure can lead to better grades! Starting your new adventure at St. Lawrence in the welcoming environment of our summer course will put you on the path to success in your college studies.

The St. Lawrence summer school philosophy:

- We listen to your needs.
- We gain your trust.
- We use strategies that work.
- We create a warm environment where you can learn from your errors.
- We like and respect you.

The St. Lawrence summer school has activities for all types of learners:

- An atmosphere conducive to learning
  - Icebreakers
  - Short story readings and exercises
  - Story telling
  - “Verb bees”
  - Films
  - Vocabulary from Youtube
  - Treasure hunts
  - Tour of Old Quebec
  - Cultural activities in English
  - Visits to local Anglophone institutions
-
