

Pre-school teacher/ caregiver for one 5-year- old child - August 1st to 17th 2018

Lac- Beauport (QC)

Hello,

Are you looking for a great day job? Do you like to build cushion houses, read stories, sing songs and play outside? I may have something interesting to offer you!

We are a happy family of two boys (13 and 5) and looking for a dynamic and responsible person who speaks English (preferably mother tongue) and who would like to take care of Léo, a great, 5-year-old boy. The goal is to initiate him to English while looking after him.

I'm looking for a person who has some experience with children and who will talk to Léo in English while doing activities, so he can start learning the basics and the correct pronunciation, while having fun.

I'm looking for a person who is available Monday to Friday.

Job schedule:

- The day starts at 8:30 a.m. and ends at 4:30 p.m.
- Lunch will be ready, requiring only very light preparation and reheating.
- There will be very light housework to do (folding clothes) and supper to get started (already prepared).

We live in Lac-Beauport, (25 minutes North of Quebec City) and have no access to public transit, so you need a driver's licence and a car or, if you are not from the area, we have a guest room and a private bathroom.

Lastly, we are looking for an honest person who is a non-smoker and not allergic guinea pigs (we have one named Porky). If you are interested, please contact me to further discuss the job offer.

Salary : 85 \$/day

I am looking forward to meeting you!
